Kuppanna Park to be year-round tourist hub

Nishad Bagh re-opens for walkers after months of lockdown

A gardener seen shaping bamboo support sticks for plants inside Kuppanna Park this morning.

Mysuru, Sept. 16 (MTY&BCT)- Kuppanna Park at Nazarbad has become a beehive of activity now with Dasara fast approaching. On the one hand, the 12-acre Park has been thrown open for walkers after months of lockdown; on the other, hectic preparation is on to open the Park for visitors during Dasara sans the attractive Flower Show.

Till now, only limited activities used to be conducted at Kuppanna Park, that too only during Dasara. Of the 365 days, there would be activity only for over 40 days with the main attraction Dasara Flower Show being held for over 12 days.

Deciding to keep the Park open for all days, the Horticulture Department has firstly opened the gates for morning and evening walkers. Walkers till now used to stroll in the surroundings of Kuppanna Park, Mysuru Zoo, Hardinge Circle, Thandi Sadak Road, Shalivahana Road, Lok Ranjan Mahal Road and Dasara Exhibition Road opposite Palace and the nearby areas.

Usually walkers hear music through headphones and this led to accidents as all the above roads are busy stretches. Henceforth, walkers can shift to the vast Kuppanna Park for their daily routine. As of now, over 50 people are coming to the Park daily to walk and the numbers are set to rise with the relaxation of lockdown rules.

"Since it is a convenient and a safe place to walk, we have proposed a nominal entry fee to the Park. When compared to risky walking on the main road by the side of speeding vehicles, walking inside the sprawling Park amidst fresh air is safe and healthy," Horticulture Department Assistant Director Rudresh told *SOM*. He added that entry pass system like the Karanji Lake can be worked out.

In June this year, Minister for Horticulture K.C. Narayanagowda had announced that Kuppanna Park would be developed as a tourist hotspot.

Education-focussed display inside Glass House

Kuppanna Park is also called Nishad Bagh and a beautiful Glass House has been constructed inside. The vast Glass House constructed 1.5 metre above the ground spans 2,419 square metres including corridor and is round in shape with a diameter of 36 meters and has four entry points. Its dome, based on the Indo-Saracenic style and Mysuru style, is 18 metres wide and has an outer wall of 6 metres.

Due to COVID-19 pandemic, there will be no Dasara Flower Show this year. To compensate, the Horticulture Department has come up with plans to organise photo exhibition inside the Glass House. Also, as the Musical Fountain inside the Park is in good working condition, there are plans to open it for visitors after dark where there will be an attractive display of illuminated fountains.

Rose Garden with 6,000 pots

There are plans to develop a 400-metre Rose Garden inside the Park near Vani Vilas College entrance of the Park where over 80 varieties of roses — 6,000 pots — will be on display this Dasara. "Usually, during Flower Show, we display over 80,000 pots of flowers. This time due to contagion, we have decided to display 6,000 pots after following strict social distancing measures. The existing Rock Garden and Topiaries will be made more attractive and will be on display," Horticulture Assistant Director Rudresh revealed.

"We want to make Kuppanna Park a year-round activity venue with many educative items. We have sought permission from the Deputy Commissioner for a meeting to discuss the year-round activities. We do not want to keep the Park gates locked and we will come up with various educational-focussed activities," he explained.

Brindavan Gardens beckon tourists

Mysuru, Sept. 16 (RK&SSV)- The Brindavan Gardens in Krishna Raja Sagar (KRS) Dam re-opened today and is all set to receive tourists after a gap of nearly six months.

The Dam was closed for visitors in March this year after the country-wide lockdown due to COVID-19 threat. Now, the gates of the Gardens are opened to welcome tourists but with strict guidelines issued by Union Health Ministry to check the spreading of pandemic.

Cauvery Neeravari Nigam Limited (CNNL) officials this morning checked the precautionary measures at the main entry point.

Every tourist is allowed inside the Garden only after the mandatory thermal scanning and hand sanitiser.

Face mask is made mandatory and visitors will not be allowed to gather in groups near the Musical Fountain or in the sprawling Gardens. Strict safe distancing must be maintained inside the Gardens.

On an average, around 10,000 to 15,000 tourists (both domestic and international) would visit the KRS daily.

Rajbhasha Diwas at CSRTI

Mysuru, Sept.16 - Rajbhasha Diwas and main programme of Hindi Fortnight was celebrated at Central Sericultural Research and Training Institute (CSRTI), Mysuru, on Sept.14.

Devasahaayam, ADRM of South Western Railway, Mysuru, who was the chief guest, said Hindi is a very easy and simple language. It is emerging as a popular language and picking up fast on par with other languages in terms of popularity. As Official Language of Central Government, we have to use it in day to day official work.

Director of the Institute Dr. Pankaj Tiwari, who presided urged all the Scientists, Officers and Officials to make progressive use of Hindi in official work. He said that Hindi is also the link language of India.

Prizes were distributed to the winners of various competitions held during the Hindi Fortnight as also to those who transacted their official work originally in Hindi. Apart from this, those sections who outstandingly contributed to the usage of Hindi in the Institute were awarded a citation.

Besides individual Official Language shields were given to the Scientists/Officials who contributed immensely/excelled in propagation of Hindi as Official Language.

Deputy Director (O.L.) Surendra Kumar Upadhyay, compered the programme and presented an annual report in respect of use of Official Language in the Institute.

Sujatha, Assistant Director, rendered the invocation. Cultural programme was also organised on the occasion in which Supriya, JRF, recited devotional song. K. Sachi, Sr. Translator, proposed a vote of thanks. All the events were organised adhering to COVID-19 norms, according to a press release from CSRTI Deputy Director.

EDITOR'S BOTTOMLINE

NOTES FROM A COFFIN, ON LIFE AND DEATH : ***A novel punishment is being meted out in Jakarta, to violators of public health protocols. With the entire world reeling with the COVID-19 pandemic, wearing facemasks has been made mandatory in many countries, with strict adherence to social (physical) distancing, to avoid spread of infection. But many pay scant attention to these preventive drills. To drive home the importance of following health protocols, local authorities in Jakarta, are forcing violators to lie inside a dummy coffin. And these incidents are being uploaded as videos online. At a more mundane level, in the context of the pandemic, the average individual is confident that the virus affects others, not him, and so tends to strut about mask-less, risking his own life and that of others, in case he is asymptomatic. Which is why Jakarta's choice to force the violator to contemplate inside a coffin as punishment, besides imposing a fine and in some cases, community service, is a great ploy to drive home the fact that every one of us is mortal and therefore vulnerable, with no exceptions.***

NEWS SPARKLERS

5th grade dropout worked as doctor for four years

Bengaluru: A 5th grade drop-out with no medical education has worked as a doctor for four years before being exposed. At just 23-years, Veeragandham Teja had already worked in 16 private hospitals, conducted several medical camps and had even volunteered with Bengaluru Police and local migrant workers during the pandemic.

It was a double whammy that got him in the end. His second wife filed mental and physical harassment against him and he made the mistake of making a recommendation to Police to cancel a person's rowdy sheet (criminal record), only to then be spotted driving that person's registered SUV. All it took was a bit of digging and the Police uncovered a web of lies going back over a decade, false degrees and certificates and several aliases. Their conclusion was that Teja's career and pretty much all of his life, for that matter, was a fabrication.

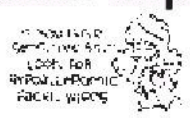
Woman jailed for allegedly cutting her hand for insurance

Ljubljana: A young Slovenian woman was recently sentenced to two years in prison for allegedly cutting off her hand with a circular saw in order to cash a $1.2 million insurance payout.

22-year-old Julija Adlesic allegedly conspired with her boyfriend and her father to commit insurance fraud in an attempt to collect $1.2 million in insurance payouts. The young Slovenian maintains that her injury was accidental, not premeditated, adding that no one in their right mind would want to become crippled at age 20, not for all the money in the world. However, prosecutors provided enough evidence that Adlesic and her co-conspirators had planned the so-called "accident" to get convictions against all of them. Julija got a 2-year prison sentence, her boyfriend, who was accused of putting her up to it, has been sentenced to three years in prison, while the woman's father got a one year suspended sentence.

HEALTH CAPSULE by Bron Smith

Are facial wipes safe?



The safety of facial wipes is now being questioned due to an explosion in cases of contact dermatitis among those who use the product. The active ingredient in facial wipes is methylisothizolinone, "M.I." for short (Can you pronounce it?). M.I. was named the "Allergen of the Year" in 2013.

** Health Capsules is not intended to be of a diagnostic nature.*

VOICE OF THE READER

Saluting AIR Architect Dr. M.V. Gopalaswamy

Sir,

The recent write-up on the Architect of Mysore AIR Dr. M.V. Gopalaswamy by his grand-daughter *(SOM* dated Sept.12) makes it a worthy reading. She has unearthed many facts we never knew.

The toils and troubles he faced in turning his dream a reality are really appreciable. Attempting at an unknown project, with literally zero-technology at that time and with no monetary support from any quarter, was no doubt a herculean task. He did it and we now enjoy fruits of his labour. A big salute to him.

I vaguely recall facts my late father, himself a Psychology student at Maharaja's College in the early 1950s, used to often tell me about a multi-faceted

Dr. M.V. Gopalaswamy

person Gopalaswamy.

Being a teenager, I used to gaze at him with awe but the next moment it conveniently drained off my memory. I very much reminisce them now. Moving past the AIR, even today I get a glimpse of these bygone events before my eyes.

LED bulbs to brighten up city streets

- State Cabinet approves pilot project for Mysuru city worth Rs. 109 crore
- Cash-strapped MCC can achieve energy efficiency and save Rs. 58 crore annually

Mysuru, Sept. 16 (RK&BCT)- If everything goes as per plans, Mysuru city will soon sport energy-efficient LED bulb streetlights. Apart from being economical, the LED streetlight project will save the cash-strapped Mysuru City Corporation (MCC) Rs. 58 crore annually.

The State Cabinet yesterday approved the LED streetlight project and released Rs. 109.91 crore where the existing incandescent bulbs will be replaced with LED bulbs. Former Mayor and current Corporator Ayub Khan and many other Corporators have been fighting for the project since the last three years as it saves the much-needed resources for the MCC. Their efforts have finally borne fruits.

LED (Light Emitting Diode) bulbs have long lives as they don't have filaments that can quickly burn out — and they don't contain toxic chemicals like mercury, unlike traditional high-pressure sodium lamps or mercury-vapour lamps. These lights also have reduced maintenance costs when compared to incandescent bulbs because of their long lives, and they give off less heat than other bulbs.

LEDs are highly energy efficient. While Compact Fluorescent Lamps (CFLs) recently have been touted as the standard in green lighting, LEDs actually have double their energy efficiency. Following repeated requisitions from the MCC and realising the need of safe and energy-efficient lighting, the Cabinet has approved the project.

In fact, Mysuru will be a pilot city for the project and the same model will be replicated in other cities. According to initial estimates, the LED streetlight project will save a whopping Rs. 58 crore per year to the MCC and the civic body can divert the funds for other public utility projects.

Mysuru District Minister S.T. Somashekar has thanked Chief Minister B.S. Yediyurappa and Urban Development Minister Byrathi Basavaraju for the Cabinet's move to release funds.

MCC delegation meets District Minister in Bengaluru

A delegation comprising Mayor Tasneem, former Mayors Ayub Khan and Arif Hussain, Corporators Prema Shankaregowda, M.U. Subbaiah and MCC Commissioner Gurudatta Hegde met Minister Somashekar and Urban Development Department Principal Secretary and submitted a memorandum.

The delegation sought certain exemptions in the tenders of LED streetlight project and also appealed to the Minister to waive off the interest on water tax.

Ayub Khan told *Star of Mysore* that if the Government waives off the interest on water tax, consumers can pay the actual bill and clear all backlog payments.

"Many consumers have not yet cleared the water bills as the interest accrued on the previous pending bills is high. This has caused a revenue loss to the MCC. If the Government waives off the interest, consumers can pay the bills in one go and at the same time will fetch revenues to the MCC," he said and added that the previous Siddharamaiah Government had waived off the interest on water tax once.

The MCC delegation also sought a grant of Rs. 110 crore to set right and develop underground drainage network of the city. Another immediate grant of Rs. 25 crore has been sought from the Government to develop infrastructure and other facilities for Dasara 2020. The delegation also requested the Government to sanction vehicle facilities for Standing Committee Chairmen.

Appointed as Non-Official member of State Planning Board

Mysuru, Sept.16 (SBD&DM)- Retired Forest Department Secretary A.C. Lakshman, a resident of Gokulam in the city, has been appointed as a Non-Official Member of Karnataka State Planning Board.

Lakshman

The State Government on Tuesday appointed 23 Non-Official and 5 Officers to the Board, a key planning body of the State.

The 82-year-old Lakshman had served the Forest Department for over three decades. Reacting to his appointment, Lakshman said that even after retirement, he has been working for the economic empowerment of farmers and actively taking part in various Forest Department activities.

The other members of the Board are: Former IAS Officer and MYRADA Chairman S.S. Meenakshi Sundaram, University of Agricultural Sciences, Bengaluru, Vice-Chancellor Prof. S. Rajendra Prasad, Davanagere University Vice-Chancellor Prof. Sharanappa Halase, Economics Professor from Koppal Dr. B.G. Javali, Karnataka University (Dharwad) faculty Prof. Rudregouda Biradar, S. Madeshwaran of Bengaluru, Dr. Somashekarmurthy, Prof. Hoysala Chanakya, N.R. Asha, Vanaresh, former FICCI President R. Shivakumar, KASSIA President K.B. Arasappa, B.V. Anand of Delhi, Irrigation expert Capt. Rajarao, former Bengaluru Mayor Sathyanarayan, former IAS Officer K. Amarnarayan, Ground Water expert Devaraj Reddy, Dr. Naseer Ahmed of Davanagere, Marseille Maraterio of Mangaluru, Prasanna Kumar of Shivamogga, Devadas Nayak and Priyadarshini of Baindoor in Udupi District.

Mysuru ZP gets new CEO

Mysuru, Sept.16 (SBD&DM)- More than 20 days after IAS Officer Prashanth Kumar Mishra was transferred following the row over the suicidal death of Nanjangud Taluk Health Officer Dr. S.R. Nagendra, the State Government on Tuesday appointed senior KAS Officer D. Bharathi as the new CEO (Chief Executive Officer) of Mysuru ZP. Mysuru DC was holding concurrent charge as ZP CEO subsequent to Mishra's transfer.

Bharathi

Bharathi was serving as Secretary of State Election Commission at Bengaluru. A native of Ramapattana in Hunsur taluk, she is not new to Mysuru as she had earlier served as Assistant Commissioner and as Registrar of Mysore University. She had also served as Tahsildar at Mandya and as Chamarajanagar Additional DC.

MUDA to pay compensation for land acquisition in one instalment

H.V. Rajeev

Mysuru, Sept. 16 (RK&DM)- In a major step towards ending disputes and delays regarding payment of compensation for lands acquired for formation of residential layouts, Mysuru Urban Development Authority (MUDA) has decided to pay compensation along with interest in full in a single instalment.

Announcing this at a press meet here yesterday, MUDA Chairman H.V. Rajeev said that MUDA Council Meeting held on Monday also decided to pay compensation along with interest in one instalment even in cases where the Courts have ordered more compensation. Maintaining that this move will help MUDA to save money on Interest to be paid to land-loser farmers, Rajeev said the money thus saved can be used for other purposes.

Highlighting MUDA's future plans, Rajeev said that it has been decided to include 117 villages in the outskirts of the city and 33 villages coming under Yelwal, Jayapura and Varuna hoblis and in Srirangapatna and Nanjangud taluks for MUDA's local development project. It has also been decided to increase the FAR (Floor Area Ratio) for houses to be built by Rajiv Gandhi Housing Corporation.

Pointing out that MUDA has planned acquisition of more lands for formation of layouts, where sites will be allotted for the deserving and the needy who have been waiting for decades for having a shelter of their own, he said that measures will be taken for expediting Ballahalli Layout project.

Asking property buyers to be very careful in respect of documents, the MUDA Chairman said that people have to get the documents verified by the concerned officials before making any transactions. He further said that all MUDA Zonal Officers and the Special Tahsildar have been directed to thoroughly scrutinise the documents submitted to them for authenticity.

Janaspandana: Continuing, he said that it has been decided to resume 'Janaspandana' monthly public contact programme and to digitalise all documents pertaining to sites as part of File Tracking System.

Noting that MUDA had earlier announced construction of 80-km of peripheral Ring Road, he said now the DPR for the project will be prepared and submitted to the Government for approval.

He further said that Aadhaar and Pan cards of site applicants will be linked for avoiding duplication of site allotment and to prevent other malpractices.

MUDA Commissioner Dr. D.B. Natesh and Secretary M.K. Savitha were present.

Slew of protests in city

Mysuru, Sept. 16 (PM&DM)- The city was witness to a slew of protests yesterday as many organisations staged demonstrations at various venues for different reasons.

Members of Parisara Samrakshana Trust staged a protest near Visvesvaraya Circle (Government Ayurveda College Circle) against the MCC's move to fell down two healthy rain trees on Irwin Road for facilitating road expansion works.

Maintaining that the two rain trees are adjacent to the Ayurveda College compound and do not come in the way of Irwin Road widening, the protesters alleged that the MCC is planning to fell down the trees even though the Forest Department had not given permission for the same.

They urged the authorities to save the trees from chopping off more so because the two rain tress have a significance of their own and are gifts from the erstwhile Mysore rulers.

Trust office-bearers Bhanu Mohan, Aravind Sharma, Nagendra, Leela Venkatesh and others were present.

At DC's Office

In another protest, vehicle drivers, under the banner of **Karnataka Vehicle Drivers Welfare Association,** staged a demonstration near the Deputy Commissioner's (DC) Office seeking release of one-time financial assistance to all drivers announced by the State Govt. during COVID-19 lockdown.

Claiming that many drivers were yet to get relief despite months of announcement, the protesters urged the Government to fulfil their various other demands and thus come to their rescue during the COVID-19 crisis, when they are finding it hard to lead life in the absence of earnings.

Association office-bearers M.N. Kumar, Sharath Babu, Teertha Kumar, P. Umesh, Subramanya and others took part.

Guest Lecturers

Continuing their weekly protest on Tuesday, Guest Lecturers, under the banner of **Karnataka Government Degree College Guest Lecturers State Co-ordination Committee,** staged a demonstration near the DC's Office seeking fulfilment of their demands, which included job security, payment of salaries during lockdown period and continuance of serving Guest Lecturers for the forthcoming academic year, among others.

Committee office-bearers Diwakar, Mahesh, Anil Kumar and others took part in the stir.

At Town Hall

Members of **Madiga Sanghatanegala Okkoota** staged a dharna in Town Hall premises seeking implementation of Justice Sadashiva Commission Report on inner-reservation.

Demanding that the State Government accept the report and implement the same, the protesters wanted the Government to render justice to Madiga Community by providing inner reservation as recommended by the Commission.

Okkoota office-bearers R. Sunanda Kumar, Rajanna, Nagendra, Basappa, Shivamurthy, Rajendra and others participated.

Privatisation of Railways

Members of **Socialist Unity Centre of India (SUCI)** staged a demonstration in front of Chamarajapuram Railway Station in protest against alleged move for privatisation of Railways.

Maintaining that the Railway Department is functioning with tax-payers money, the protesters urged the Government to drop any move for privatisation of Railways, which they said was the most preferred transport of the common man.

SUCI members Sandhya and others led the stir.

At ZP Office

Seeking action against Bogadi Gram Panchayat PDO, whom they accused of indulging in corruption, members of **Dalit Sangharsha Samithi (DSS)** staged a demonstration in front of Zilla Panchayat (ZP) Office here.

Accusing the PDO of rampant corruption in Bogadi GP, they wanted a probe against him and also sought his removal.

DSS office-bearers Harihara Anandaswamy, Chandrashekar, S. Nagaraj and others took part.

Eight-member dacoit gang arrested

Maruti Van, four bikes, 11 mobile phones, lethal weapons, Rs. 6,000 cash seized

Mysuru, Sept. 16 (KS)- Saraswathipuram Police, on Sept. 9 night, have arrested a gang of eight dacoits who were waiting to loot people and have seized one Maruti Van, four two-wheelers, 11 mobile phones, one hockey stick, two daggers, five monkey caps, five chilli powder packets, one iron rod, three wickets and one machete (long) from them.

Saraswathipuram Sub-Inspector N. Bhavya and staff, who were on their regular beat on Sept. 9 night saw eight persons standing near a Maruti van in a suspicious manner near Bhogalingeshwara Temple on the Ring Road and took them into custody on suspicion.

On enquiring them, the Police came to know that they were waiting to threaten the public and motorists and loot cash and valuables from them, following which the Police arrested them.

The arrested are Sharath, Sumanth, Dharmesh, Dinesh, Sunil Kumar, Shashank, Karthik and Mahadev. Following their arrest, the Police have solved a total of five cases — one robbery case each at Saraswathipuram, Vidyaranyapuram and Lakshmipuram Police Station and one attempt to murder case each at Vijayanagar and K.R. Police Stations.

DCPs Dr. A.N. Prakash Gowda and Geetha Prasanna and K.R. Sub-Division ACP M.S. Poornachandra Tejaswi supervised Saraswathipuram Inspector R. Vijaykumar, Kuvempunagar Inspector G.C. Raju, Saraswathipuram Sub-Inspector N. Bhavya, ASI Karunakar and staff Basavaraje Urs, Prakash, Raghavendra, Arjun, Kumar, Harish Kumar and Nataraj, in the nabbing and seizing operation, according to a press release from the PRO, City Police Commissioner's Office.

Power disruption

Mysuru, Sept. 16- As Chamundeshwari Electricity Supply Corporation (CESC) has taken up emergency maintenance works at Meghalapura Power Distribution Centre, power supply will be disrupted in the following areas from Sept. 16 to 19: M.C. Hundi, Keelanapura, Inam Uttanahalli, Meghalapura, Madavagere, Duddagere, Mahadevi Colony, Lakshmipura, Puttegowdanahundi, Chattanahalli, Chattanahalli Palya, Gurukarapura, Varakodu Paper Factory, Rajasri Industries and surrounding areas, according to a press release from N.R. Mohalla Division Executive Engineer.

Vehicle drivers submit memorandum to DC

Mysuru, Sept. 16- Seeking fulfilment of their various demands, vehicle drivers, under the banner of Karnataka Vehicle Drivers Welfare Association, presented a memorandum to the Deputy Commissioner (DC) here yesterday.

The memorandum said that though the Government had said that 7.75 lakh vehicle drivers would benefit by Rs. 5,000 one-time financial assistance announced by Chief Minister B.S. Yediyurappa four months ago during the COVID-19 lockdown, hardly 1.2 lakh drivers have got assistance, while a majority of drivers are yet to receive the same.

Stating that the Government has to renew vehicle permit, Insurance and Motor Vehicle Taxes for free in the wake of COVID-19 crisis, the memorandum urged for free education to children of drivers, granting of Rs. 5 lakh subsidised loan to commercial vehicle owners, waiver of vehicle loan instalments and interest and reduction of fuel prices as had been done by Delhi Government, among other things.

Pickpocket, luggage thief held

Gold ornaments worth Rs. 13.85 lakh recovered

Mysuru, Sept. 16 (KS)- Lashkar Police have arrested a person on charges of committing pickpockets and stealing luggage of passengers from KSRTC buses and have recovered 277 grams gold ornaments worth Rs. 13.85 lakh from him.

The arrested person is 37-year-old Mohammed Imran, a resident of Thyagaraja Colony, next to Lashkar Masjid in Madikeri town, Kodagu district. He is an habitual offender, who has cases already registered at Lashkar Police Station.

On Jan. 16, 2020, a woman, who was travelling from Ramanagar to Madikeri in a KSRTC bus had kept her bag in the luggage carrier and when she looked at the luggage carrier when the bus reached Mysuru, the bag in which she had kept her gold ornaments was missing following which she lodged a complaint at Lashkar Police Station.

On Sept. 15, Lashkar Police, who were on their regular beat at the KSRTC Bus Stand, saw Imran moving around in the bus stand in a suspicious manner, took him into custody and when they interrogated him at the Police Station, the accused is said to have confessed of stealing purses and bags of women travelling in KSRTC buses during Dec. 2019 and Jan. 2020.

He also revealed that he had sold the gold ornaments found in the purses and bags he had stolen to jewellery shops in city and based on the information provided by the accused, the Police have recovered 277 grams gold ornaments worth Rs. 13.85 lakh from him. Following his arrest, the Police have solved four cases at Lashkar Police Station.

DCPs Dr. A.N. Prakash Gowda and Geetha Prasanna and Devaraja Sub-Division ACP M.S. Poornachandra Tejaswi supervised Lashkar Inspector S.D. Suresh Kumar, Sub-Inspectors Gowtham Gowda and Dhanalakshmi and staff K.N. Lokesh, R. Mahadevaswamy, Bopaiah, Adam, A. Manjunath Prathip and Chinnappa M. Kalloli, took part in the nabbing and recovery operation, according to a press release from the PRO, City Police Commissioner's Office, Mysuru.

Unidentified woman run over by train

Mysuru, Sept. 16 (KS)- An unidentified woman, aged between 40 and 45 years, has been run over by a train between Akki Hebbal and Mandagere Railway Stations. The kith and kin of the deceased, if any, may contact Mysuru Railway Police Station on Ph: 0821-2516579, according to a press release.

Obituary

C.M. Basavanna

Mysuru, Sept. 16- C.M. Basavanna (60), a resident of Channabasavaiahnahundi (C.B. Hundi) in T. Narasipur taluk and Proprietor of SMR Group, passed away yesterday at his place.

Lions Clubs donate PPE kits worth Rs. 1 crore to District

Mysuru, Sept. 16 (MK&BCT)- At a time when there is a shortage of Personal Protective Equipment (PPE), including body suits, masks, gloves and face shields, Lions Clubs International 'District 317 A' has donated PPE kits worth Rs. 1 crore to the Mysuru District Administration for it to use in its efforts to curtail COVID-19 pandemic.

The crucial PPE kits were handed over at an event held at a private hotel on KRS Road in city last evening. The event was organised by Lions Clubs International 'District 317 A' and Consortium of Mysore Lions Clubs and DLSF (District Lions Service Foundation).

Narasimharaja MLA Tanveer Sait inaugurated the programme and the PPE kits were handed over by Mysuru Urban Development Authority (MUDA) Chairman H.V. Rajeev. DLSF Chief Dr. Nagaraj V. Bairy presided over the programme. The kits were handed over to Additional Deputy Commissioner B.S. Manjunath and Dean and Director of Mysore Medical College and Research Institute (MMC&RI) Dr. C.P. Nanjaraj.

Over 4,500 PPE kits, 4,500 KN-95 masks and over 8,000 surgical masks were part of the donation.

Inaugurating the programme, Tanveer Sait appreciated the efforts of Lions Clubs 'District 317 A' and lauded the office-bearers for the timely and noble gesture that will help the society.

"For decades, Lions Clubs have been dedicated to the service of the society and have demonstrated their social outlook many a time. During the pandemic like COVID-19, it is important for all frontline workers to protect themselves and their family members. For this, they must wear PPE kits in their line of duty," Sait said.

MUDA Chairman Rajeev too lauded the efforts of Lions Clubs for donating PPE kits worth over Rs. 1 crore. "This donation will come in handy for the District Administration that is fighting the contagion where officers and employees from the top level to lowest level are risking their lives.

Accepting the donation, Additional DC Manjunath said that the donation would help the District Administration to effectively fight the virus. "Our doctors, officers and staff are actively involved in fighting the pandemic and such donations will help to further the cause. Voluntary organisations must come forward and help the administration so that there can be a united fight," he said.

Medical Superintendent of K.R. Hospital Dr. B. Nanjundaswamy, office-bearers of Lions Clubs International 'District 317 A' Dr. G.A. Ramesh, Dr. Prabhamurthy, Dr. Sreevidya, Balakrishnaraju, M.V. Deviprasad, G.P. Diwakar, T.S. Ravindrakumar, Dr. G. Mohan and others were present.

Shaurya Medal Awardee Dr. P.R.S. Chetan feted

At the event where PPE kits worth over Rs. 1 crore was donated, President's Civil Defence Gallantry (Shaurya) Medal Awardee and Officer Commanding of Quick Response Team of Karnataka Civil Defence Dr. P.R.S. Chetan, also a Past District Governor of Lions Clubs, was felicitated. Chetan is also the head of Karnataka Government's COVID-19 Task Force.

Last year, Dr. Chetan was among the five rescue personnel who were washed away in the overflowing Tungabhadra while rescuing people affected by floods at Veerapura Gaddi near Hampi. He was close to death and fought till the last breath to survive.

Chetan was washed away for about three kilometres in the gushing water. He was exhausted and there was nothing except hillocks and water around him. Worse, there was no one in the vicinity. A plant that was stuck to his leg helped him move toward the river bank and from there, he moved to safety. He was caught in water currents for more than three hours.

Dr. Chetan and his team rescued thousands of people affected by the floods and landslips in Kodagu last year and this year in parts of North Karnataka and Shivamogga.

Dr. Chetan has been awarded with the President's Civil Defence Gallantry Medal for saving several lives in the Tungabhadra river flood rescue operation. This is the first Gallantry Award to Civil Defence in the last 50 years.

The rescue operations were carried out in the crocodile-infested river. Over 200 people — mostly foreigners — were stranded at the Hippie Island in Veerapura Gaddi. The only option was to either airlift or ferry them across the river to safety. The team rescued all of them.

Navarathri at Palace

Golden Throne to be assembled on Sept. 18

MYSURU DASARA
Celebrations Since 1610 AD
Oct. 17 - 26, 2020

Mysuru, Sept.16 (MTY&SSV)- Marking the beginning of Navarathri celebrations (Dasara-2020), the work of assembling the Golden Throne will be held at an auspicious timing in Amba Vilas Palace here on Friday (Sept. 18).

In view of this, there will be no entry of tourists to the Mysore Palace till 2 pm on that day.

Dasara will begin on Oct. 17 and culminate on Oct. 26 with the *Vijayadashami* procession within the Palace premises.

A Private Durbar by the royal family of Mysuru during Dasara celebrations had been one of the main attractions. Holding the *Khaas Durbar* (Private Durbar) has been in practice for many centuries.

Yaduveer Krishnadatta Chamaraja Wadiyar will hold a Private Durbar on all nine days of the festivities by sitting on the Golden Throne. Entry is restricted only to the guests of royal family. However, this time, it is not known whether the *Khaas Durbar* is open even for the guests of royal family in the wake of COVID-19.

According to the Palace almanac (Panchanga), the dismantled parts of the gem-studded throne will be brought out from the strong room situated in the basement of the Palace and then start the process of assembling it in the Durbar Hall.

The royal family has fixed an auspicious time of 6.30 am on Friday for the beginning of rituals. The throne will be fixed in the Durbar Hall between 8.30 am and 12.30 pm. In view of this ceremony, a special Chamundeshwari puja and Ganapathi homa will be performed in the Palace premises after 6.30 am. This will be followed by Poornahuthi.

The throne assembling work will take place in the presence of Pramoda Devi Wadiyar and senior officers of Mysuru District Administration.

After puja, the 'Pattada' horse and cow will be brought near the Kalyana Mantap premises where puja will be offered. Since Dasara elephants have not arrived yet, one of the jumbos belonging to the royal family, will be offered puja symbolically.

CC cameras

Like every year, all the close circuit (CC) cameras installed inside the Palace will be covered with cloth to keep the entire activity as a closely guarded secret. After assembling of the throne, the curtains will be put at the Durbar Hall to keep it away from the sight of people. The last part of 'Simha Shikara' object will be fixed on to the Golden Throne on Oct. 17 between 5.30 am and 6 am, a few minutes before the start of Private Durbar.

Experts from Gejjagalli to assemble Throne

Eight parts of the Golden Throne and six parts of the Silver Bhadrasana are dismantled and kept in the strong room. After the poornahuthi, the parts will be brought to the Durbar Hall amidst tight Police security.

As per tradition, four throne assembling experts from Gejjagalli in Mysuru taluk are expected to arrive at Palace on Friday. While the throne will be assembled in Durbar Hall, the Bhadrasana will be fixed at Kannadi Thotti, according to Palace sources.

The faithful throng Srirangapatna for 'Pitru Paksha'

Thousands of families are converging on the banks of River Cauvery at the historic town of Srirangapatna to pay respects to their elders in the form of offerings during this season of 'Pitru Paksha.' People are crowding the river banks in and around Srirangapatna including Paschimavahini, Sopana Katte, Snana Ghatta, Gosai Ghat and Cauvery Sangama. According to beliefs in Hindu religion, all 15 days during the waning phase of moon or 'Pitru Paksha' are considered auspicious, the ninth day or 'Avidhava Navami' as well as the last five days culminating in 'Mahalaya Amavasya' are significant and most suitable for this ritual. 'Pitru Paksha' ends tomorrow on the day of 'Mahalaya Amavasya.' [Pics by Vinay Karekura]

Brindavan Gardens beckon tourists

(Continued from page 1)

However, during Dasara festival, the number would touch around 25,000. Most of the tourists are from neighbouring Kerala, Tamil Nadu and parts of Andhra Pradesh, Telangana and Maharashtra. Now, it is to be seen tourists turnout owing to Coronavirus.

Entry timing

The KRS Dam is open to public from 8 am to 8 pm from Mondays to Fridays; and from 8 am to 9 pm on Saturdays, Sundays and general holidays. The much-attractive Musical Fountain is operated for one hour from 7 pm; and for two hours on Saturdays, Sundays and public holidays.

Revenue loss

The monthly revenue to the CNNL was around Rs. 1 crore by way of entry fee, parking and toll fee. But, the revenue was zero in the last six months due to ban on the entry of tourists. The monthly expenditure comes around Rs. 20 lakh to Rs. 30 lakh which included electricity bill, maintenance of gardens and other installations.

The officials exerted pressure on the State Government to throw open the Brindavan Gardens unable to bear the expenses anymore. Even the rent from shops inside the Gardens was nil following the tourist ban.

The CNNL officials are optimistic of a steady flow of tourists to the KRS in the coming days.

Entry fee

Adults - Rs. 50 per head

Children - Rs. 10 per head

School students - Rs. 5 per head

Still Camera - Rs. 100

Toll fee (Downstream bridge)

Three-wheelers - Rs. 20 (two-way)

Taxi, light motor vehicle, car, jeep and other vehicles of capacity up to 10 passenger seats - Rs. 50

Swaraj Mazda, mini bus and other vehicles of seating capacity between 10 and 20 passenger seats - Rs. 70

Bus - Rs. 100

Lorry (6 wheels) - Rs.150

Lorry (10 wheels) - Rs. 200

Parking fees (from 8 am up to 45 minutes after the end of illumination)

Two wheelers - Rs.10

3-wheelers - Rs. 20

Taxi, light motor vehicle, car, jeep and other vehicles of capacity up to 10 passenger seats - Rs. 50

Swaraj Mazda, mini bus and other vehicles of seating capacity between 10 and 20 passenger seats - Rs. 70

Bus - Rs. 100.

Successful Scooter Sojourn

After over two-and-a-half years of journey on a 21-year-old Bajaj Chetak scooter along with his mother Choodarathna, Dakshinamurthy Krishnakumar retuned to his home in city this morning. It may be recalled here that Dakshinamurthy, a modern day Shravan Kumar, had undertaken the scooter sojourn across India as per his mother's desire. This story had drawn the attention of one and all including Anand Mahindra, Chairman of Mahindra and Mahindra Group who promised to give him a Mahindra SUV.

Cabinet approves Tourism Policy

Bengaluru, Sept.16 (KMS& SSV)- The State Cabinet, which met here yesterday under the Chairmanship of Chief Minister B.S. Yediyurappa, has approved a new Tourism Policy 2020-25.

The CM will unveil it formally on Sept. 27 (Tourism Day). The draft of the new policy, finalised recently, emphasises aspects such as attracting more domestic and international travellers to places in Karnataka on the tourist map of the country; giving a boost to various kinds of tourism such as heritage, wildlife, spiritual, cultural, adventure, coastal, nature, health and agriculture.

PM Narendra Modi's 70th birthday tomorrow

BJP to organise 'Namo Diwas Namaskar' event in city

MLA Ramdas

PM Narendra Modi

Mysuru, Sept. 16 (MTY&DM)- MLA S.A. Ramdas said that marking Prime Minister Narendra Modi's 70th birthday, the city BJP will be organising 'Namo Diwas Namaskar,' a day-long programme at the park near Ramalingeshwara Temple in Vidyaranyapuram tomorrow (Sept. 17).

Announcing this at a press meet here yesterday, Ramdas said that the programme will take place from 9 am to 5 pm, during which information regarding 70 select Central schemes, projects, plans and initiatives will be displayed through flex boards. Veteran writer and *Saraswathi Samman* awardee Dr. S.L. Bhyrappa will launch an App containing detailed information on all Central schemes, via online on the occasion, he said.

Continuing, Ramdas said that the viewers of the displayed flex boards can pen down suggestions running up to two pages and the best suggestions will be awarded prizes. Pointing out that an expo of Narendra Modi's 70 portraits right from his childhood days to recent times will be held, he said that children below 18 years (both boys and girls) who view these portraits can take part in a quiz programme, during which they will be asked five questions. The children who come up with the right answers will be honoured with 'Namo Award.'

Ramdas further said that the first prize in Flex Board section and Children Quiz contest carries a cash prize of Rs.5,000 each, second prize winner will get Rs. 4,000, third prize winner Rs. 3,000, fourth prize winner Rs. 2,000 and fifth prize winner Rs. 1,000. Also, there will be five consolation prizes in both the sections, he added. Also, 70 persons from different sections of the society such as vehicle drivers, Pourakarmikas, newspaper agents, journalists etc, who are leading a dignified life, will be honoured on the occasion.

A BJP worker will inaugurate the programme at 10.15 am, the time of Narendra Modi's birth, by drawing a picture of Modi. The day-long programme which concludes at 5 pm, also features vocal music, classical music, patriotic songs and such other musical events, Ramdas added.

KR Constituency BJP leaders Vadivelu, Lakshman and Nagendra were present.

Provisional selection list published

Mysuru, Sept. 16- Karnataka Secondary Education Examination Board (KSEEB), Department of Public Instruction, has published the revised 1:1 provisional selection list of High School Hindi Language Teachers (2014-15) of Mysuru division on Sept. 14 in the website of Department of Public Instruction, *www.schooleducation.kar.nic.in*

In case of any objections, students of Mysuru division are requested to contact Recruitment Officer, Divisional Secretary, Office of ex-Officio Deputy Director, Department of Public Instruction, KSEEB, before Sept. 22.

In this week's Pet Talk, Maneka explains how to keep surroundings around the cattle sanitised

Pet Talk

Maneka Gandhi

What do the movement and position of the tail mean in cattle?

The tail is an important signalling device in cattle. The tail will usually be held horizontal during defecation and urination. If, together with the head, it is elevated, this often indicates a desire to investigate the source of some stimulus. Tails are also elevated during oestrus display, fighting, threats, greetings, suckling and homosexual activities in both males and females. Conversely when the tail is held between the legs, this indicates the animal is cold or frightened or fearful. Lateral movements of the tail are often used for fly removal but can be a response to more general skin irritations such as rubbing or stimulation, such as of vulva or penis during sexual behaviour. Tail wagging is also common when cattle are being irritated. Cows will wag their tail as a threat if they are about to kick. Tail wagging can also be performed in response to painful stimuli.

How can you make aggressive cattle calm?

Use positive interactions such as a stroking or rubbing or resting the hand on the cow's back.

Reduce excessive noise, such as banging gates and shouting. Avoid staring at a cow directly for long periods.

Use slow and deliberate movement and talking.

What is the normal body temperature of a cow?

The normal body temperature for a cow is 102.5 degrees Fahrenheit.

How can you tell a cow is happy?

Closely observe the cows, a glossy coat means the cow's getting good nutrition, and the roundness means the cow has good rumen fill. When you see the ridges on a cow's abdomen, called happy lines, it's the absolute best sign for a healthy, well-fed cow and a healthy and well fed cow is a happy cow — as long as you let her free to roam.

Do cows like to be petted?

Cows are social animal; thus Cows love to be petted, stroked and scratched behind the ears.

How do cows show affection to humans?

Cows are emotional animals who have likes and dislikes, just like humans do. Many cows are affectionate animals who are deeply loyal to their families and human companions. Cows can use their body posture and vocal sounds to express a whole range of emotions, including contentment, interest, anger and distress. Whenever in distress or pain, cows moo to express their emotion.

Are cows intelligent?

Cows are very intelligent. Cows are extremely intellectually complex beings that rely on not only their own decisiveness but that of their companions too. Numerous scientific case studies have concluded that cows understand the mechanism of a complex cause-and-effect relationship; a cow that has tendencies to graze with another cow for periods of prolonged time will become a friend, whereas a cow that has been bullied by another cow will have the ability to identify the individual and hold a grudge (if need be) against said 'mean cow.'

Do cows show affection?

Cows are emotional, social animals who make and keep best friends, love physical affection, show an appreciation for music, and are deeply curious about other creatures and the world around them.

Do cows get emotional?

They experience a wide range of emotions. For example, they display fear and anxiety and the less eye white that is seen, the better they feel. When cow mothers are separated from their calves, they experience great amount of pain and they express it by mooing.

What are some common disinfectants and their usage which help in keeping the surroundings around the cattle clean and sanitised?

Bleaching powder (Chloride of lime). It can be used for disinfection of cow shelter when a contagious disease has occurred and for sterilisation of water supplies. Bleaching powder must be stored in airtight bins, as damp surroundings, exposure to light and air causes it to decompose rapidly. Boric acid can be used as an udder wash. It is used as wash for eyes and other sensitive parts of the body. Concentration required is 6 percent solution. Mode of application is splashing. Nowadays antibiotic solutions are replacing boric acid as eyewash solution.

Caustic soda (Sodium hydroxide) is for general use in farm buildings and animal houses. It is a powerful germicide. It is highly destructive to virus of foot and mouth disease etc. Concentration required is 2 percent solution for general use and 5 percent solution against spores of anthrax and black quarter. Mode of application is splashing.

Rubber gloves, goggles and protective clothing should always be worn when caustic soda solution is being used, as it burns skin and damages fabrics.

Soap is a very week germicide. Its great usefulness is in cleaning skin. It can be used preparatory to the application of a disinfectant. Mode of application is scrubbing.

It should be used only as surface-sanitising agent.

Tukk... tukkk... tukkk...
...goes the Coppersmith

This is the repetitive, monotonous, steady sound, one hears in a grove of trees, or a single standing heavy tree, that gives the bird that makes this sound, the name Coppersmith Barbet - Megalaima haemacephala as known in the Ornithological world.

In yesteryears, when the metal copper was manually beaten into sheets, for our requirements, before the advent of machines, the coppersmith's wooden mallets, that were beating the copper into thin sheets made this continuous hammering sound, exactly like the Barbet's call. Hence, these birds were called Coppersmiths. The Coppersmith Barbet, one of the members of the bird family of Megalaimidae, is a cousin of the more familiar White-cheeked Barbet, a green bird which goes "Kutroo... kutroo... kutrooo..." continuously in home gardens and forests, aptly called in Kannada as "Kutruhakki."

Slightly larger than a sparrow, green in colour, with crimson head and yellow eye rings, a yellow breast with a crimson band, is a fruit-eater. Foraging on the wild fig fruits like Ala, Goni, Athi, Arali, and also relishes Guavas and Sapotas.

These birds, have a country-wide distribution and are at home in home gardens and also heavy Rain Forests. Apart from fruits to forage, the other major requirement of these Barbets are nesting trees. They select heavy branches of trees like Banyan, Raintree, Mahogany and Peepal. They make a burrow or improvise an existing cavity, on the underside of these heavy branches entering the nest-hole from below the branch. This keeps any predators from getting either eggs or the young nestlings.

A lovely bird, heard before being sighted, is very cautious and once it creates eye-contact with the observer, stops the sound and clambers away to another place in the tree, noiselessly, leaving the observer to wonder where the bird went.

Though not much concern is expressed in the IUCN (International Union of Conservation of Nature), the species still need protection in isolated pockets, where tree felling has brought down the nesting site requirements, an important need of life of several species for their continuing the race.

Protect trees... to protect the species it supports.

—Ragoo Rao, Ethologist

Solar Power Unit installation at Mysuru ZP Office nearing completion

Mysuru, Sept.16 (PM&DM)- As a step towards self-reliance in power generation, the Mysuru Zilla Panchayat (ZP) is installing a roof top Solar Power Unit at its premises and the works are nearing completion.

The installation of a 50 KW Solar Power unit atop the ZP office, taken up at a cost of Rs. 32 lakh is in final stage. The ZP Office consumes 38 to 40 KW power on an average every day. After the solar unit is commissioned, it can generate 200 KW power in a day. The ZP, which is paying Rs. 1 lakh a month as electricity charges to CESC, can save up to 70 percent of the bill once the solar unit starts generating power.

Barring cloudy days, the ZP will draw power from this unit, thus bringing down its reliability on CESC to almost nil. At present, the ZP is recording an average power consumption of 38 KW on normal days and 45 KW during summer days.

Net Metering: After achieving self-reliance in power generation, the ZP plans to sell excess power to CESC, for which the ZP is preparing technical specifications through what is called as Net Metering, which enables the excess power generated to automatically connect to CESC power grid network.

Bengaluru-based Texer Solar Company has bagged the tender for the execution of the solar power project. The company started the works 20 days ago and is all set to complete the works in a few days. Apart from installation, the company is also entrusted with the task of maintenance of the unit for five years.

LED Bulbs: In another measure of saving power and cutting down on electricity bills, the ZP has planned to replace the conventional tubelights with LED bulbs. As LED bulbs are found less power consuming, they are going to replace the more power consuming tubelights shortly. There are plans to install 300 LED bulbs, which are not only less power consuming, but also glow more brighter. With the ZP having a network of more than a 100 computers and an almost equal number of fans, the ZP can look forward to cutting down on electricity bills. Once the project is completed, the ZP will approve the same and forward it to the Government.

ZP President Parimala Shyam said that only Bengaluru and Chitradurga ZPs have installed solar power units and now, Mysuru has joined the them. Pointing out that the solar power unit will be a boon for the ZP, she said that there is a proposal before the Government for utilisation of solar power even at the Gram Panchayat (GP) level. Once approved, this project will help the GPs to save money on power bills, she added.

ZP Engineer S.M. Ali said that the solar unit has been tested for power generation and the plant has to be connected to CESC grid. Maintaining that no tree was felled for the installation of the unit, he said that the solar unit which has the capacity to generate 50 KW in four hours, also can generate 200 KW while in operation for the whole day.

M. Vinay, a First Division Assistant at ZP, said that the ZP general meeting had approved the project out of the 2017-18 funds. Once the Project is completed, the ZP will approve it and forward the same to the Government, he added.

National Nutrition Mission Campaign

Mysuru, Sept. 16 (RKB&KS)- Krishnaraja (KR) MLA S.A. Ramdas on Sept. 14 launched the Women and Child Development Department's National Nutrition Mission Campaign (Rashtriya Poshan Abhiyan) and Pradhan Mantri Matru Vandana Yojana (PMMVY) scheme at Devaraj Urs Colony in city and also distributed brochures to the public.

September has been considered as Nutrition Month and National Nutrition Mission is the country's flagship programme, launched in March 2018 to improve nutritional status of children up to 6 years, adolescent girls, pregnant women and lactating mothers to achieve specific targets for reduction in low birth weight babies, stunting growth, under nutrition and prevalence of anaemia over next three years.

PMMVY is a maternity benefit programme that is implemented in all the districts of the country in accordance with the provision of the National Food Security Act, 2013. The objective of the PMMVY is providing partial compensation for the wage loss in terms of cash incentives so that the woman can take adequate rest before and after delivery of the first child. The cash incentive provided would lead to improved health seeking behaviour amongst Pregnant Women and Lactating Mothers (PW&LM).

Cash incentive of Rs. 5,000 in three instalments: The first instalment of Rs. 1,000 is provided on early registration of pregnancy at the Anganwadi Centre (AWC) or approved Health facility identified by the respective administering State or Union Territory (UT). The second instalment of Rs. 2,000 will be provided after six months of pregnancy on receiving at least one ante-natal check-up (ANC) and the third instalment of Rs. 2,000 will be provided after child birth is registered and the child has received the first cycle of BCG, OPV, DPT and Hepatitis - B, or its equivalent or substitute.

Matru Vandana

Ramdas received Matru Vandana applications from the beneficiaries and provided information about Nutri Garden at every Anganwadi Centre. He said that for a six-month-old child to grow healthy, nutritional food should be given at the correct time and added that it is a tradition to give 'Annaprashana' during the commencement of nutritional food.

On the occasion, Ramdas also distributed Bhagyalakshmi Bonds, aimed at providing education to girl child and prevention of child marriages.

Women and Child Development Department Deputy Director Padma, Child Development Project Officer A.R. Madhusudhan, Cor-porator Shanthamma Vadivelu, KR Constituency BJP President M. Vadivelu and others were present at the programme.

Govt. concedes demands; Docs seek time till Friday

Mysuru, Sept.16 (RK&SSV)- The striking Government doctors have sought time till Friday to convey their decision on the assurance by the State Government to meet all their demands despite the financial crunch due to COVID-19. The doctors are demanding a hike in pay, promotion and other emoluments.

Indian Medical Association (IMA), Mysuru Branch President Dr. Suresh Rudrappa said that in case the Government failed to meet their charter of demands before Sept. 20, the doctors will stop OPD services at all Government Hospitals across the State from Sept. 21 and go on 'Bengaluru Chalo' agitation.

Govt. to fulfill demands

Meanwhile, Medical Education Minister Dr. K. Sudhakar has appealed to the doctors to withdraw the agitation as the State Government has conceded to their demand of salary hike despite the grim economic conditions.

Speaking to media persons after attending a meeting with office-bearers of the Karnataka Government Medical Officers' Association (KGMOA) yesterday, the Minister informed that it was a fruitful talk and the Government has decided to fulfill the demand of doctors who are working hard day in and out since last six months. Chief Minister B.S. Yediyurappa has agreed to meet all the demands of the Health Department which were pending for last six months.

"Your demands will be addressed and the Finance Department has been briefed in this regard," he added.

He said the revision in salaries will be made based on 6-year, 13-year and 20-year promotions for doctors and details on the same will be obtained from the Medical Officers. Even though this is a burden for Government, it will be addressed on priority, the Minister said.

Health Minister B. Sriramulu, Deputy Chief Minister Dr. C.N. Ashwathnarayan and office-bearers of KGMOA attended the meeting.

WORD OF THE DAY

Encumber

Pronunciation: in-KUM-ber.
Meaning: Weigh down, burden; to impede or hamper the function or activity of : hinder; to burden with a legal claim (such as a mortgage).
Origin: In Old French, the noun combre meant a defensive obstacle formed by felled trees with sharpened branches facing the enemy. Later, in Middle French, combre referred to a barrier, similar to a dam or weir, constructed in the bed of a river to hold back fish or protect the banks. That notion of holding back is what informs our verb encumber. One can be physically encumbered (as by a heavy load or severe weather) or figuratively (as by bureaucratic restrictions). Combre also gives us the adjectives cumbersome and cumbrous, both meaning "awkward or difficult to handle."
Example: "Those who do handle radioactive material must first don protective suits that are inherently cumbersome and are further encumbered by the air hoses needed to allow the wearer to breathe." — The Economist.

THE ODD WORD

Eccaleobion

Incubator.

PHRASE OF THE DAY

Elephant in the room

Meaning: It means that an obvious problem is being ignored. Put another way, it is a noticeable issue that is not acknowledged or addressed.
Origin: Literally speaking, if there was an elephant in the room, you would notice it right away. How could you not? It'd stick out like a sore thumb. After all, these mammals are the largest land animals on earth! They can grow up to 14 feet (4 m) tall and weigh up to 15,000 lb (7,000 kg). So regardless of the kind of room it's in, an elephant is not something that can be easily ignored. Thus, this metaphor might be applied to situations where a person is aware of a problem, but they choose to not acknowledge it. It's as if there is a big elephant in the room and they are intentionally ignoring it. So where did this idiom come from? Unfortunately, its exact origin is unclear. However, it doesn't look that old. For example, its earliest known appearance in print is in the mid 20th century.
According to Wikipedia, the Oxford English Dictionary credits the *New York Times* newspaper from June 20th, 1959, as the first recorded use of this phrase as a simile. There is apparently a line from the newspaper that reads:
"Financing schools has become a problem about equal to having an elephant in the living room. It's so big you just can't ignore it."

QUOTE BOX

When you have got an elephant by the hind legs and he is trying to run away, it's best to let him run. **—Abraham Lincoln**

RIDDLE THIS

Solve the rebus:

DEAL

Answer: Big Deal.

SUDOKU

3			1	5				
		4						5
		5	3		8		7	
	3	6	4			9		
		9			7	2	6	
	4		9		6	5

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

Under-Bridge Road near NIE needs to be maintained

The road right under the railway bridge at Jayanagar which connects the backside of NIE College is in a pathetic condition and filled with potholes of various shapes and size. This is causing a lot of problems to motorists especially two-wheeler riders and the problem worsens during rains as the potholes will not be visible as rain water covers them. There have been instances of two-wheeler riders unable to make out the potholes riding straight into the potholes, falling down and injuring themselves. The public have urged the authorities concerned to take steps to get the road repaired at the earliest.

Clear this garbage dump near Bank Employees Colony

Indiscriminate dumping of garbage on Service Road near Bank Employees Colony is causing a lot of problems to the public as well as hundreds of road users as the garbage is emanating unbearable stench. Though the garbage dump is visible, none of the authorities concerned or officials have bothered to clear it, allege public. They have urged the authorities concerned to get the garbage cleared at the earliest.

IPL 2020: BCCI Chief reviews preparations at Sharjah

Sharjah, Sept. 16- The Board of Control for Cricket in India (BCCI) President Sourav Ganguly on Monday visited Sharjah Cricket Stadium — one of the three venues for IPL 2020 — to review the preparations, with only few days left in the start of the cash-rich tournament.

The Indian Premier League (IPL) 2020 was moved overseas to the United Arab Emirates (UAE) due to rising Coronavirus cases in the country.

Ganguly was accompanied by some of the local dignitaries and former IPL Chairman Rajeev Shukla, among others.

Satisfied with the arrangements made by the local authorities, the former India skipper shared a few pictures from his visit and wrote: "Famous Sharjah Stadium all set to host IPL 2020."

Most of the players and support staff of all eight teams arrived in the UAE last month to start their pre-season after a long break due to the Coronavirus pandemic. The players have been training for almost a month now and are raring to go all guns blazing in the tournament and put a smile on fans' faces who have been waiting eagerly for the tournament to start.

Ganguly had left for the UAE last week to oversee the preparations ahead of IPL 2020 — which will be played across three venues Dubai, Abu Dhabi and Sharjah between Sept. 19 and Nov. 10. The opening match of the IPL 2020 will be played in Abu Dhabi between defending champions Mumbai Indians (MI) and last year's runners-up Chennai Super Kings (CSK).

Sharjah Cricket Stadium will host a total of 12 league-stage matches, starting with Rajasthan Royals (RR) taking on CSK on Sept. 22.

The last league match of the IPL 2020 will be played in Sharjah between Sunrisers Hyderabad (SRH) and MI on Nov. 3.

The BCCI is yet to announce the dates and venues for the play-off matches and the summit clash — which will be played on Nov. 10.

Awareness programme on safety of auto drivers, passengers

The Inner Wheel Club of Mysore Midtown, keeping in mind the safety of autorickshaw drivers and passengers, fixed plastic sheet separators in 50 autos. As part of the awareness programme, stickers highlighting the safety measures during the pandemic have been stuck on these autos in Mysuru city. Masks were also distributed to the drivers. S.N. Sandesh Kumar, ACP Traffic, Mysuru, was the special guest on the occasion. IWC Mysore Midtown President T.B. Rashmi Kaveramma, Secretary Shama Milton and members were present.
